

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

ANNUAL REPORT
OF THE
Pennsylvania Commission of Soldiers' Orphan Schools
FOR THE
YEAR ENDING MAY 31, 1918

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: As required by the Act of Assembly, we submit herewith the Annual Report of the Soldiers' Orphan Schools Commission having charge of the proper conduct of the schools, authorized and established by the laws of the Commonwealth, for the year ending May 31st, 1918.

This marks the close of the fifty-fourth year of the existence of these schools, and the twenty-ninth year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the Act of Assembly, approved May 25th, 1889, and its supplements.

The year just closed has been one of considerable anxiety to the members of the Commission, owing to the fact that an epidemic of contagious diseases, embracing small-pox, measles, diphtheria, chicken-pox and pneumonia, swept through the school, from which all recovered but two, and they were already diseased; and also to the great increase in the price of everything that goes toward the maintenance of the pupils. The report of the expenditures shows a gradually increasing scale of prices, and proves that the appropriation for the current two years ending June 1st, 1919, will be exhausted long before that period.

It gives us great pleasure to report the high standing of the school that has been maintained during the past year, and in all its departments, industrial, commercial, literary and military—a high state of efficiency was reached, and the graduating class was a great credit to the management and the instructors.

The military instructions given the pupils at the school fitted them to enter the United States Service in the World's War, and there is inscribed on the Roll of Honor one hundred and fifty-two names, including one woman, who graduated at the Soldiers' Orphan Schools, and there are perhaps others who have been lost sight of.

The reports of the Superintendent, the Principal, the Physician and other officers is appended, and give details in their several departments.

A list of all the pupils is appended, in which the names and military service of their fathers is included; also tabulated statements of all receipts and expenditures, and such other information as will be of interest to your Honorable Body; including copies of all laws governing the management of the school, and your Commission earnestly invites every member of the General Assembly, every Grand Army man, the Press and Clergy, as well as every citizen of the State to visit the school, and see the good work and the splendid results achieved. The school is always ready for inspection.

Respectfully submitted by order of the Commission.

SAMUEL P. TOWN,

Secretary.

L. G. McCAULEY,

Vice President.

REPORT OF THE SUPERINTENDENT.

Scotland, Pa., June 30th, 1918.

Commission of Soldiers' Orphan Schools, Harrisburg, Pa.

Gentlemen: I have the honor to submit herewith the twenty-third annual report of the Soldiers' Orphan Industrial School, Scotland, Penn'a.

At the beginning of the school year, July 1st, 1917, there were three hundred and twenty-four pupils on the roll; during the year there were admitted thirty, discharged sixty-five, and two deaths, leaving at present on the school roll two hundred and eighty-seven pupils.

As to the health of the children, the year will long be remembered by everyone connected with the school. In addition to the usual ailments sure to come among three hundred children, we were very unfortunate. Early in the fall of 1917 a case of Measles was discovered, and that was followed by others, resulting in an epidemic, not only of Measles, but Scarlet Fever, Chicken Pox, Pneumonia, Diphtheria, and finally Small Pox. This retarded the work and progress considerably in both the school and industrial departments, and was the cause of extra expense to the school. We were compelled to employ temporarily three extra nurses, but with all that we came through with only one death. For details, see report of the School Physician, Dr. Joseph P. Maclay.

The buildings and property are in a fair condition, no repairs except those absolutely necessary being made during the year. The increased cost of labor and material made it necessary that we keep our repair expense down to the minimum, doing practically all the repairing with our own regular employes.

In addition to the customary display of fireworks on the evening of July 4th, the children who remained at the school during vacation were amused in various ways, including several picture shows, and I feel safe in stating that the children who remained at the school enjoyed their vacation as much as those who went away.

There have been several changes in the employes during the year. J. Zell Brabson resigned before the opening of the school, and Robert D. Maclay was appointed to succeed him as a teacher. Clarence Robinson, Instructor in Stenography and Typewriting, also resigned, and not being successful in finding a suitable instructor for those branches, Sherman Cross, the most advanced pupil, was placed in charge and carried the work along until he was discharged from the school, having reached the age of eighteen years April 20th, 1918, at which time he was regularly appointed to the position. George

Fuller, the night engineer, resigned in March, 1918, and H. E. Wingert was appointed to the position. Phil M. Johnson, the Assistant Military Instructor, resigned in May, 1918, having been drafted for service in the United States Army. Virgil H. Sweet, a graduate of the school, was appointed to fill this position. All the new appointees are giving satisfaction in their respective positions.

Memorial Day, 1918 was observed as usual, and in accordance with the custom of the Grand Army of the Republic, the following cemeteries were visited in the morning, and flowers placed on all the soldiers' graves and "Taps" sounded:—Mountain Green, White Church, Witmers, Brindles, Lutheran and Methodist at Green Village. In the afternoon the Band and Boys' Battalion went to Chambersburg and joined Housum Post, G. A. R. in their ceremony. In the evening, on account of rain, we were compelled to abandon our customary exercises in the Scotland Cemetery, and held same in the Auditorium. The program was carried out the same as if we had gone to the Cemetery, there being appropriate music by the school and an address by the Rev. W. F. Shriner of Waynesboro, which was very ably delivered and far above the average on such an occasion.

The annual commencement exercises held June 25th, 1918 were witnessed by a large number of visitors, including the members of the Commission, Housum Post, G. A. R. of Chambersburg in a body, and members of the Grand Army of the Republic not only from this locality, but many other parts of the State. The entire school, and as many visitors as could be accommodated, assembled in the Auditorium at ten A. M. for the graduating exercises. A class of fourteen pupils received their diplomas, same being presented to them by Hon. John W. Hoke in a very eloquent address. The campus exercises started promptly at one thirty P. M. First in order was the inspection of the Boys' Battalion by the members of the Commission, members of the Grand Army of the Republic and more than the usual number of men interested in military affairs including several Army Officers from the Camp at Gettysburg. The balance of the program followed, which included Indian Club swinging, Free Calisthenics and Dumb Bell exercises by both boys and girls, closing the afternoon exercises at five P. M. by Dress Parade. The entire school and visitors again assembled in the Auditorium at eight P. M. for the evening exercises. The program as arranged included music by the school, Girls' Choir, Pupils' Orchestra, Solos, Duets, and Declamations, closing at ten thirty P. M. by everyone joining in the Star Spangled Banner, thus closing for the school another successful year.

The Band and Orchestra have been giving a good account of themselves during the year, furnishing music for all the drills and entertainments, and on many occasions furnished music for patriotic demonstrations in the cities and towns in this section of the country.

For detailed reports of the Educational, Military and Commercial Department, I would respectfully refer you to the reports of W. C. Bambrick, Assistant Superintendent and Principal. Pupils have been assigned to the industries the same as for the past several years.

In closing this report, permit me to call your attention to the increased cost of all material and supplies, including labor, required for the proper maintenance of the school. This condition is getting worse each day, and I find it impossible to keep the school going with the same expenditure of money as in the past.

Thanking the Commission for their many courtesies and advice during the year, I am,

Very respectfully,

WILLIAM H. STEWART,
Superintendent.

Mr. W. H. Stewart, Supt.

Dear Sir: I herewith submit the twenty-third annual report of the Educational, Military, and Commercial Departments. The pupils returned promptly from the 1917 vacation and entered upon the years work with earnestness. Mr. J. Zell Brabson, who had successfully taught the higher grades during the year 1916-17 resigned to enter the army service. Miss Daisy Grimes for many years teacher of the Grammar School grades took up his work and produced very satisfactory results. Mr. Robert D. Maclay a graduate of the Cumberland Valley State Normal School was employed to fill the vacancy caused by the loss of Mr. Brabson. Both teachers and pupils seemed to feel the inspiration of a general speeding up and much excellent work has resulted from the active spirit of war times. In the midst of the years work an epidemic of measles along with other contagion threatened to nullify the progress of all classes, but industry and patience on the part of both teachers and pupils made the year one of advancement and profit. The Curtin Literary Society continues to be a factor in giving a wider training to members of the advanced grades. Many pupils display an aptitude for research and study of important questions that would do credit to those of maturer years.

Evening worship has been a part of each days program. Sabbath school work adapted to each particular grade was continued without interruption during the year. Rev. W. A. Dickson preached in the school auditorium on each alternate sabbath.

On Sunday June 23rd, Rev. J. Howard Ake, pastor of the Methodist Episcopal Church of Chambersburg, preached a highly interesting and instructive baccalaureate sermon.

On June 25th a class of ten boys and four girls was graduated. Hon. John W. Hoke delivered a most entertaining, instructive and scholarly address.

It is gratifying to learn that almost every member of the graduating class secured lucrative employment within one week after leaving school.

COMMERCIAL DEPARTMENT.

Owing to the fact that no instructor could be secured, no new classes were started in this department. Sherman Cross the most advanced pupil was placed in charge of classes already organized and they did good work under his instruction.

On April 20th Mr. Cross became the regular instructor of the department and finished up a creditable years work.

MILITARY AND PHYSICAL CULTURE DEPARTMENT.

The incentive of training camps over the country has added interest to all drills and the value of this department grows more apparent each day. There is no longer any doubt of the necessity of drills for both sexes and our girls' classes are living examples of the success of this training system.

Major Johnson, who has for more than a decade rendered valuable service in the training and development of the boys' battalion, enters the U. S. service and Virgil Sweet, one of the boys trained in the S. O. I. S. is entering upon his work here.

We take pride in the fact that over 160 recent graduates of the school are now in the country's service. Many of them are winning rapid promotions and all are serving loyally. At least two have been cited for exceptional bravery by the French Government.

Up to July 1st we have knowledge of three of our girl graduates in the U. S. service, Emma Kerby and Anna Hoover as Red Cross nurses and Mrs. Harriet Hoadley McDermott as yeoman in the Naval Reserves Radio Service.

Outdoor sports are encouraged and directed. Good results in contentment, health and efficiency are apparent.

Of all our pupils, who have applied for Military service we have no record of a single one being rejected as physically unfit.

I feel that all the children under the care of the S. O. School Commission have made satisfactory progress toward productive citizenship, thus fulfilling the fundamental purpose of the institution.

In closing I wish to thank you, our honorable commission and all loyal co-workers for courtesies and assistance, I am

Respectfully yours,

W. C. BAMBRICK.

July 11, 1918.

Mr. W. H. Stewart,

Supt. S. O. I. S., Scotland, Pa.

Dear Sir: I have the honor to herewith submit the annual report of the Medical Department for the year just ended.

During the winter months we had the usual number of cases of la-Grippe and tonsillitis, but all were mild and made good recoveries. During the past year we had an unusual number of contagious diseases as follows:

Measles,	125
Scarlet fever,	12
Chicken pox,	35
Pneumonia,	5
Diphtheria,	1
Small pox,	2

Am glad to state all made good recoveries with one exception, Ruth Fox, who died on February 23, 1918, following an operation with abscess of the lung, a complication of Pneumonia.

All the children and employes were vaccinated, and those that did not take successfully were re-vaccinated.

The school was under strict quarantine for eighteen days during our epidemic of Small Pox, and extra nurses were secured to help during this period.

Several cases of fracture of forearm occurred during the year, but all recovered in the usual time, with no complications. Also had a number of sprains and minor ills and injuries during the past year.

At present there is only one patient in the hospital under treatment for fracture of the forearm.

In closing my report, I wish to thank you and associates for the hearty co-operation and assistance rendered.

JOSEPH P. MACLAY.
